CIT.ms Elects New Board Members

Jackson, Miss., December 15, 2009 – The Communications and Information Technology Organization of Mississippi elected new board members.

CIT.ms is an association of IT organizations and their leaders. Its member companies range from information technology development start-ups to IT organizations that support billion dollar companies and the hardware, software and service providers that support them.

“We are pleased that so many of Mississippi’s information technology leaders have embraced CIT’s new mission and the changes we are making,” said Scott Hamilton, executive director of CIT.ms. “I’m sure their energy and ideas will help us to continue to support the fast growing information technology jobs market in Mississippi.”

The new board members are:

Joel Bomgar
Founder & Chief Executive Officer
Bomgar Corporation

Bruce Deer, Chairman
Co-Founder & Chief Executive Officer
Grassroots Systems

Greg Latour
Sr. VP of Strategic Development
Cellular South

Randy Lominick
Chief Information Officer
Parkway Properties

Dave McLeod
Chief Technology Officer
BankPlus

Trish Patton
Senior Director, Human Resources
Saks Fifth Avenue

Charles “Bubba” Weir
Vice President for Community Services
Mississippi Technology Alliance

Re-elected board members are:

Kim Hamilton
National Accounts Executive
Cypress Communications

Greg Hinkebein
President
Mississippi Global Technologies

Steve Kelly
Community Development Manager
Entergy Mississippi

CIT.ms supports the economic interests of its member companies by providing innovative workforce recruiting services, and relevant learning programs and networking opportunities. And, in so doing promotes communications and information technology as an economic development engine for Mississippi. For more information, go to www.cit.ms.
